Faculty Position in Quantitative Analysis

Department of Marketing & Analysis/College of Business/Louisiana Tech University

The Department of Marketing & Analysis in the College of Business at Louisiana Tech University invites applicants for a tenure-track Assistant Professor position in Quantitative Analysis/Business Analytics beginning Fall 2017.

This position is open to faculty in all applied business disciplines, but the successful candidate must demonstrate a strong quantitative orientation and comfort with basic analytical tools of research. Minimum qualifications also include a PhD/DBA (or ABD status) from an AACSB accredited institution.

The successful candidate must have a record of accomplishment providing evidence of capabilities to engage in substantive research and publish in internationally recognized, refereed, business research journals. The candidate must be capable of delivering excellent instruction in quantitative analytics at the undergraduate and graduate levels. Excellent written and oral communication skills are essential.

If by email, use the word Application as the subject line. The CV suffices as an initial expression of interest. The review process will begin immediately, and applications will be accepted until the position is filled. Final position appointment depends on final budgetary authorization from the University.

Interested and qualified persons are encouraged to send a curriculum vita (CV) containing educational, research and teaching accomplishments to Barry J. Babin.

PLEASE SUBMIT LETTERS OF INQUIRY TO:

Dr. Barry Babin
Max P. Watson, Jr. Endowed Professor
